ANGEL Learning: Student Introduction to Conestoga's Course Management System

What is ANGEL?

Angel is a web-based tool to help you access and manage your courses at Conestoga. Angel enables you to view and save course materials, participate in online discussions and chats, share files, easily communicate with faculty and other students, and lots more!

Accessing Your Courses with ANGEL

- Access Angel from any computer with an Internet connection
- Log into the Conestoga Student Portal (<http://portal.conestogac.on.ca>). If you've never logged into it before, your username is your student number, and your default password is your birthdate (YYYYMMDD)
- Once inside the Portal, click the Services tab
- On the Services page, click the Login to ANGEL button. A new ANGEL window should pop up for you

Note: If your default login information does not work, please send an e-mail to portalhelp@conestogac.on.ca with your name, student number, and date of birth, and request a password reset.

Setting Up E-Mail Forwarding

 ANGEL's mail is an internal messaging system, and is separate from your Conestoga e-mail. To make sure you don't miss any messages, you can set up ANGEL e-mail forwarding by clicking "Preferences", then "System Settings". Scroll down, enter your Conestoga e-mail address and change the forwarding settings (*we recommend "forward my mail and keep as new"*), then hit "Save" at the bottom.

You'll now receive notification in your Conestoga e-mail whenever you get a message in your ANGEL mailbox, letting you know that you'll need to log into ANGEL and respond to it.

Navigating Within a Course

- From your Profile page, click on the course you want to work with.
- The 'Lessons' area will open automatically. This is where most of the course materials are found.
- The 'Communicate' tab provides access to course mail, chat tools and the roster.
- The 'Report' tab provides information about your Angel activity, attendance and grade information.
- The 'Resources' tab provides access to Library reserves and other course resources.
- The 'Calendar' tab shows you any important dates and events your instructor wishes to list

Getting Help

 Just click on 'Help' from any screen within Angel for extensive 'how to' information. Access the "Quick Start Guide for Students" by clicking the Student Quickstart link in the Toolbox on ANGEL's welcome screen.

For any other assistance you may require, send an e-mail to elarningsupport@conestogac.on.ca

Logging Off

 When you are finished using Angel, click on 'Log Off' on the left side of the screen. Logging off ensures that your activity will be accurately logged within Angel.
