"My name is \_\_\_\_\_. I am a \_\_\_\_\_ race/ethnicity and I am \_\_\_\_\_ years old."

Where were you born? Why did you come to this town, or why did you stay?

What's the worst thing that ever happened to you?

How loyal are you to your employer? To what extent do you share their values?

What are your personal goals? Personal goals should be tangible—"Restore honor to my family" is vague and stupid. "Track down my rat bastard brother who disgraced my family!" is much better.

What is a secret you wouldn't want your associates to discover? What would you do if the secret was in danger of being discovered?
